

ELAMAS

INSTRUCTIONS

Halloween 5.2FT Life
Size Posable Skeleton

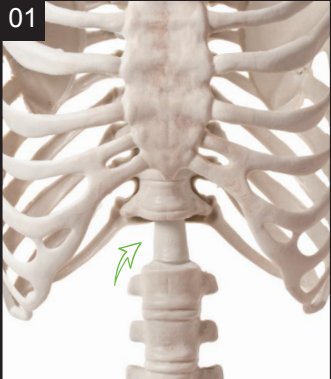

PARTS

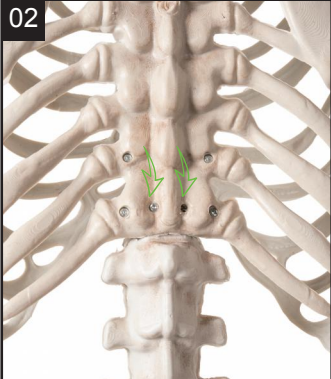

01 BODY 02 WAIST 03 ARM * 2PCS 04 LEGS * 2PCS 05 SKULL 06 LONG SCREWS * 2 PCS

07 SHORT SCREWS * 6 PCS 08 SCREW CAP * 2 PCS 09 SCREW WASHER * 2 PCS

ASSEMBLY

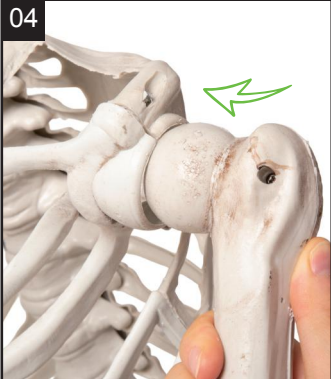

Connect parts 01 and 02 as shown in the figure above.

Turn the body over, insert the two long screws, and tighten them.

After installation, the skeleton shown in the image above is obtained.

Install the two arms, taking care to distinguish between the left and right arms.

05

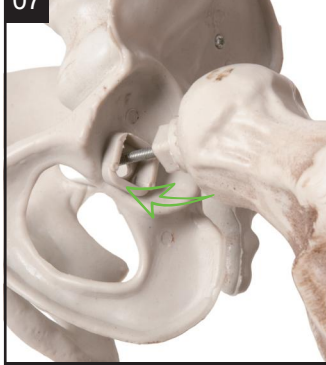

Install the short screws at the back of the arms—two for each arm.

06

Once the arm installation is complete, it appears as shown in the image above.

07

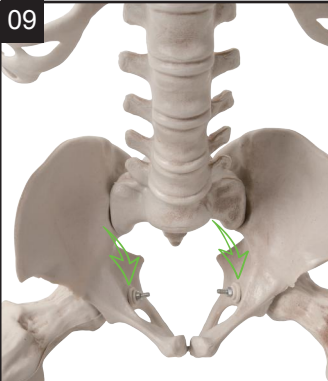

Insert the leg bone into the socket on the hip; be sure to distinguish between the left and right legs.

08

insert the washer first, with the raised side facing outward, and then screw on the nut.

09

As shown in the image above, the two leg bones have been installed.

10

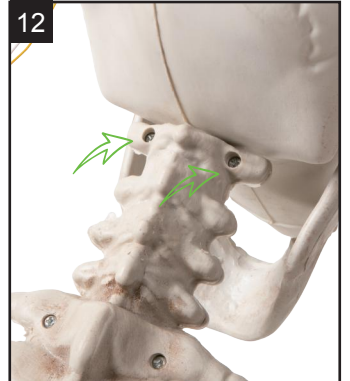

The image above shows the result after the two leg bones have been installed.

11

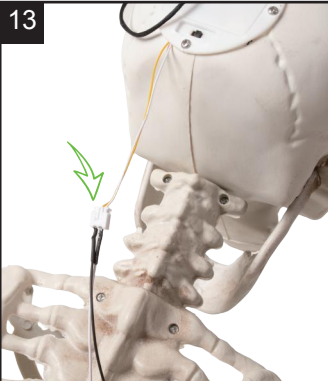

Install the skull.

12

Install the two short screws at the back of the skull.

13

Connect the wires from the head to the body.

14

Install 3 AAA batteries.

15

The skeleton installation is complete.
